FIGURE 1: Fort Defiance

In 1794, during the Indian Wars, General Anthony Wayne and his force of 2,500 soldiers arrived at the confluence of the Maumee and Auglaize Rivers. They constructed Fort Defiance, one of eight forts built to protect General Wayne's supplies and communications, which then became his base of operations in Northwest Ohio. The Fort was never attacked and was abandoned in 1796.

COMMUNITY & STAKEHOLDER ENGAGEMENT

It is essential to engage as many groups as possible for feedback to ensure the Master Plan programming will serve the Defiance area. The City of Defiance provided contact information and facilitated conversations with many of the organizations in the area for a series of public engagement events.

KICK-OFF MEETING

COMMUNITY WORKSHOP

FAMILY FUN FRIDAY

FAMILY FUN FRIDAY

COMMUNITY WORKSHOP

06.24.24: Kick-Off Meeting

During the kick-off meeting, Steering Committee members were asked to mark their favorite City of Defiance park with a thumb tack. Below shows the results, circled in red.

POSTER 1: This map shows all park areas and trail connectivity throughout the City of Defiance.

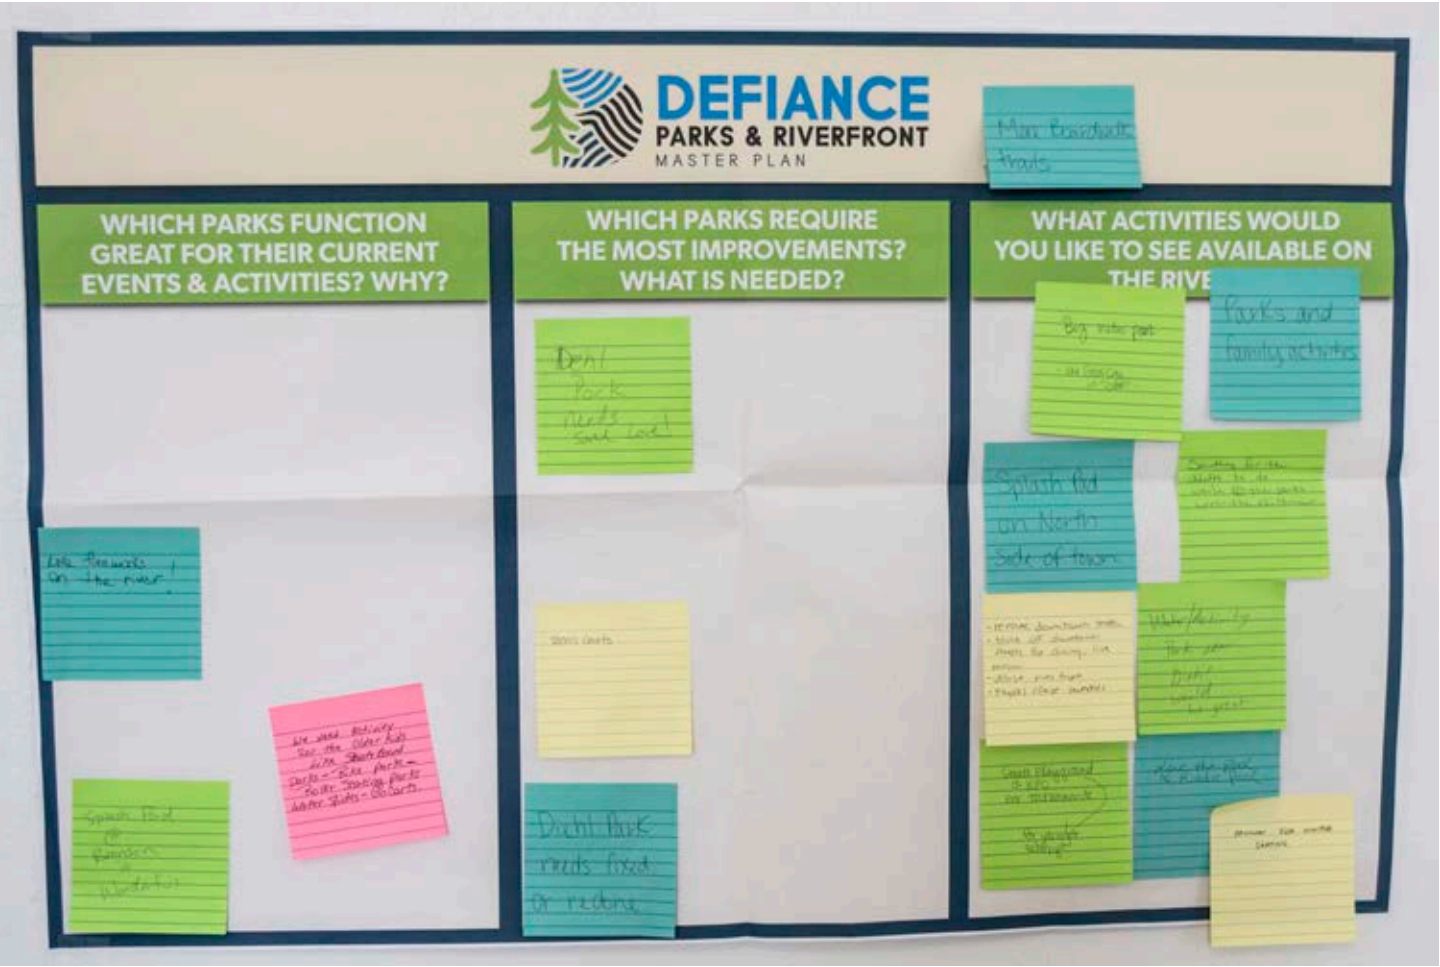

POSTER 2: This map shows all park areas and trail connectivity along the riverfront.

08.02.24: Family Fun Friday Event

During the event, the community (adults and children) were asked to place a sticker on their top 3 favorite park activities. Adults were also asked to add sticky notes to a board to answer 3 additional questions. The results are shown on the next two pages.

POSTER 1: Children were asked to place a sticker on their 3 favorite things to do when they play at a park, as well as write-in additional favorites if applicable.

POSTER 3: The community was asked to answer three questions, writing their answer on a sticky note and adding it to the board.

POSTER 2: Adults were asked to place a sticker on their 3 favorite park activities, as well as write-in additional favorites if applicable.

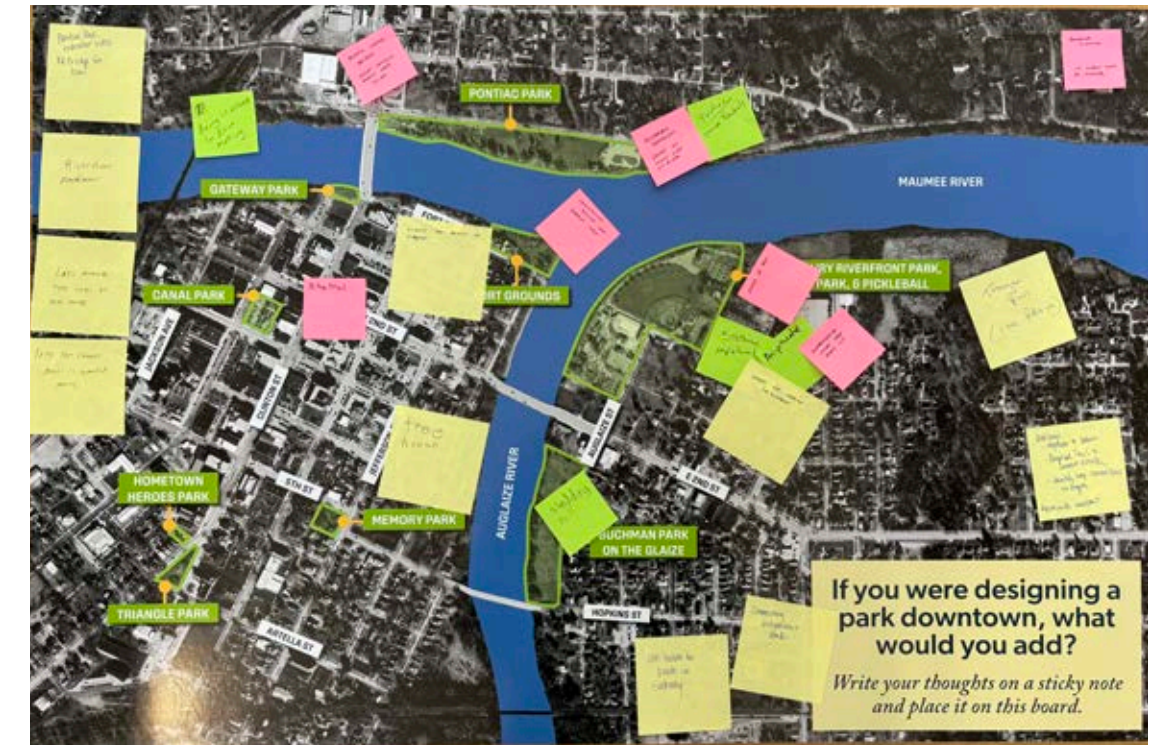

09.23.24: Community Workshop

The project team invited the community to a workshop that featured a comprehensive presentation on the inventory and analysis conducted so far, followed by an input session where attendees engaged with interactive boards and shared feedback with the design team. The public survey results were part of the presentation and attendees were able to participate in a brief survey at the end of the presentation that addressed specific programming components. See page 114 for results from the Community Workshop survey. The workshop took place at the Stroede Center for the Arts.

POSTER 1: Park Areas & Trail Connectivity

This map highlights the scope of work for the Master Plan and familiarizes the public with park and trail locations. Many of the participants stressed the need for more lighting at recreational facilities (tennis, basketball, etc.) to allow for nighttime games.

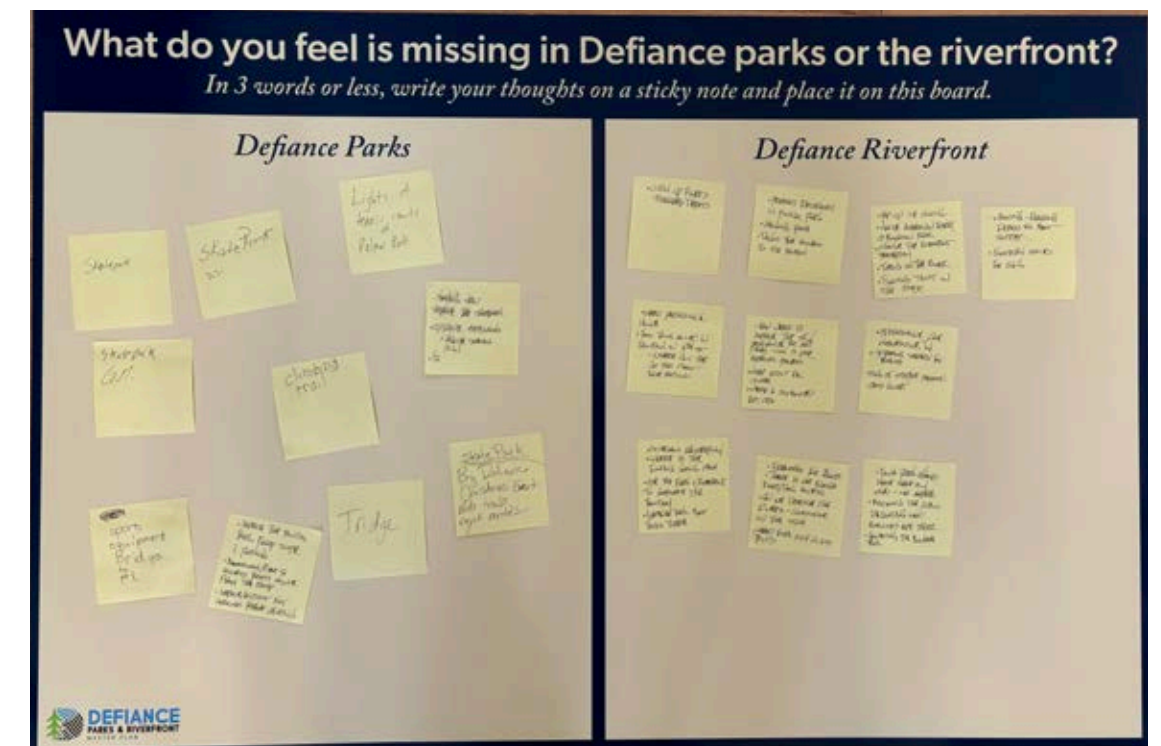

POSTER 3: If you were designing a park downtown, what would you add?

This board allowed for open-ended answers and encouraged residents to share and talk through their ideas. From children requesting a tree house to many requests for trail improvements, this feedback gives great direction for the Master Plan programming.

POSTER 2: Riverfront Confluence Project Area

Focusing on the waterfront development areas, this map encouraged dialogue to generate ideas for waterfront engagement and programming. One comment addressed the opportunities at Buchman Park; because the area is quite large, there could be opportunities to provide a Native American tribute space on the north end and provide additional programming on the south end.

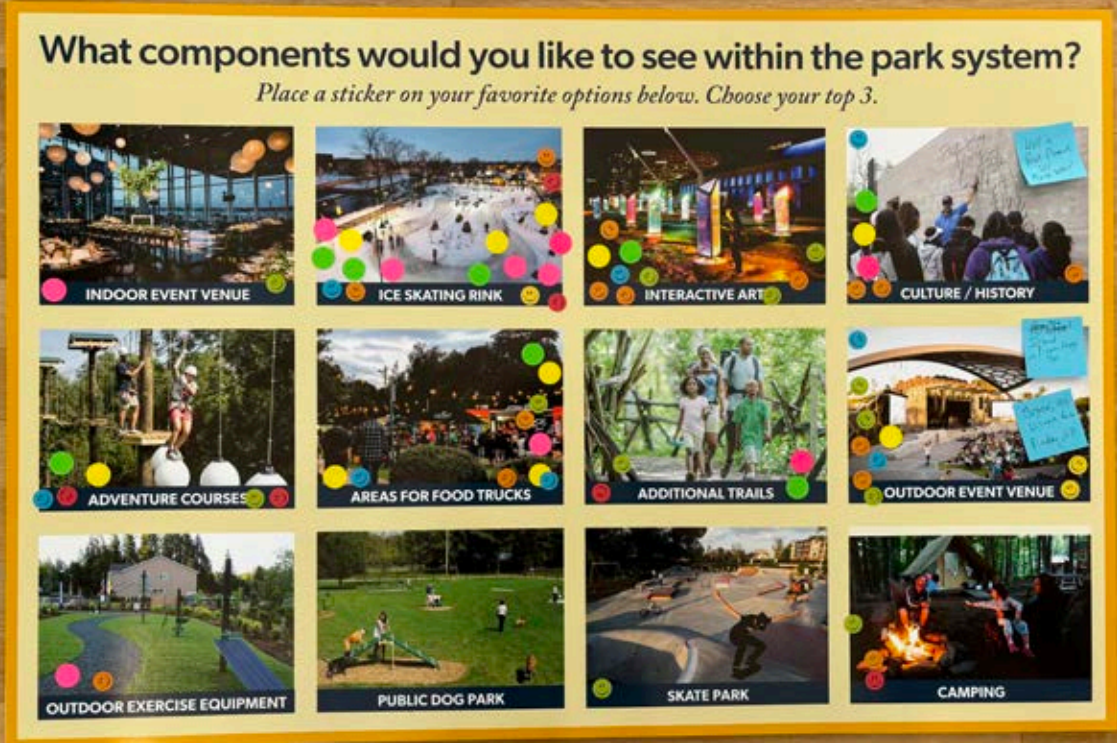

POSTER 4: What do you feel is missing in Defiance parks or the riverfront?

The community provided feedback on this board that addressed the absent amenities in Defiance. Several attendees expressed the need for an accessible skate park and provided a petition with signatures of others that agree. Others emphasized the need for improved and safer boat access on the rivers.

09.23.24: Community Workshop, Cont.

Ideas Expressed in Conversation:

HISTORICAL ART INSTALLATIONS // MODERNIZED LIGHTING // PRESTON ISLAND ENGAGEMENT // AMPHITHEATER ALONG THE RIVER // PROGRAMMING FOR TEENAGERS // PUBLIC ART OPPORTUNITIES

POSTER 5: What components would you like to see within the park system? Attendees voted on which programming they would like to see added to the Defiance park system. Overall, ice skating, food truck plazas, and interactive art were the most popular. Throughout the presentation, guests expressed interest in representing the history of Defiance through expressive art installations.

POSTER 6: Do you think the City should prioritize riverfront and downtown connectivity? What types of connectivity options would you like to see? No one was opposed to improving connectivity throughout Defiance and most of the options were well received. The community currently loves their existing trails and have expressed interest in providing different types of paths, from tree top walkways to unpaved trails.

POSTER 7: What components would you like to see on or along the rivers? The results of the voting for riverfront programming shows a strong desire for riverfront walkways and pedestrian bridges. Waterfront dining and kayak/canoe rentals are also amenities that the public would enjoy.

I wish the new found space was better utilized from removing the old equipment. Hogate park is fun with the expansive yard and new playground equipment. Triangle park is a great place to take a short rest on a bike ride. Pontiac Park and the fort grounds are both beautiful. I would love to see one of the parks feature winter activities. I know the sledding hill at the reservoir was an asset but an ice rink would be beneficial and maybe a place that focused on winter activities. I also wish we had a skate park. That focused on space to skate as a family and for skateboard and biking tricks.	8/17/2024 10:32 PM

22	I have disabled children and I feel the arks aren't so safe for children that wander due to no fences being up around rivers for safety and my children are autistic and the number one leading cause of death in autistic children is drowning the fact that there is no safety around the rivers in town in parks makes us less likely to visit the parks for safety of our kids. We used to go with our oldest all the time but he did not have the same special needs. Also when we did go to Riverside park last years ago we found drug paraphernalia and drugs are awful in our town we even found drug paraphernalia in a j and m cab as well the fact that drug use is higher everywhere at this time in the US makes me less likely to visit public parks due to the risks to my children who do not understand they cannot just grab anything they see. So in conclusion we do not visit parks due to safety concerns and we would like to buy cannot until there are safety barriers around the rivers by the parks	7/30/2024 10:39 AM

In a lot of autistic children wandering happens it's dangerous for them and for others as it's not rare anymore and I feel our parks would greatly benefit from more safety around rivers still leaving access to the river for people to fish or visit but there needs to be more safety in the parks	7/30/2024 10:39 AM

6	The Tridge. A three sided bridge connecting Kingsbury, Pontiac, and the Fort Grounds (could be seasonal, removed for the winter.) Also, build tunnel u der railroad tracks to Latty's Grove, tear down old Junior High, leave the Auditorium and make one long park from the Triangle all the way to Latty's. It would be lovely to be able to have lunch or dinner along the river. Maybe add an amptheater for concerts. Not to cast shadow but I find the parks in Bryan are designed quite well. 16	I feel if there were restraunts/bars/shops along the riverfront with outdoor seating, it would encourage people to enjoy the space. Because of flooding, a nice food truck alley could be a good alternative to permanent structures. A nice well-kept public restroom would be a must.	9/9/2024 10:16 AM

28	No tridge, I think that it is tacky	9/3/2024 12:50 PM
29	My thoughts are that the parks budget is currently big enough to accomplish what is needed in the future, making improvements and adding amenities gradually over the years as the budget allows. We do not need any more parks. We have lots of new playground equipment. We just need to focus on the details of each park we already have, and fix what needs to be fixed. For instance, Latty's Grove park (yes, we seniors who have spent our lifetimes here will always call it Latty's Grove!!) has zero connectivity for walkers. None. Off Clinton St. and onto Williams, an old barely-visible sidewalk intersects with the sidewalk under the viaduct. This goes for about 20-30 feet, then stops well short of the edge of the park. Weed trees - specifically invasive Tree of Heaven - along the railroad embankment, are encroaching upon what pavement is there. People - including parents with strollers, and older people - have to walk on the grass for a significant distance before there is a again paved sidewalk at the park, which runs along the curb directly in front of the parking spaces - where vehicles block part of said sidewalk much of the time due to pulling too far forward. At the other end of the park, this sidewalk stops where the parking ends. There is no paved connection to the sidewalk on Wayne St., thus forcing walkers/strollers/bikes to traverse lumpy grass or go out into the street to get to the sidewalk again. It has been this way for 50+ YEARS. Has no one in the city charged with overseeing the parks noticed this?? This needs fixed NOW. A similar condition exists on Ralston Avenue as regards Diehl Park access. I lived in the neighborhood from 1964 until 2018. The sidewalk along West Sessions/Ralston ends at the 900 block. It ended there in 1964, and still does. Around 1972, Diehl Park was built from a former crop field. The park has been enhanced over the years to where it is now heavily used as the city's premier softball park, as well as for baseball. And pedestrians walking or riding west along Ralston toward Wemor St., which leads back to the park, STILL have to proceed on the grass or on the street shoulder of a state route and heavy traffic street. Connecting this pavement should also be done immediately! (As an aside, this sidewalk should be continued all the way to Wooded Acres' entrance - and incorporated into the future roundabout. To provide safe pedestrian access to that neighborhood as well as medical offices, hospital, and Dunkin' Donuts.) Tons of money has been spent building super-wide "multi-use pathways" in areas of town where there are no parks and sparse housing - along Cleveland Avenue, for instance. But not one dollar to provide safe paved connections to the two above mentioned parks from legacy neighborhood sidewalks, in high vehicular traffic areas. Karnes Avenue now has beautiful curbs and wide sidewalks. Let's pour some concrete on Williams and Ralston to connect the two older parks to their higher-density neighborhoods and the rest of the city. These sidewalk connections must be priority one. If the City wants increased park usage, then the parks MUST be accessible for strollers, wagons, roller skates, tricycles, bicycles, motorized handicap scooters, walkers - any of the wheeled items that people of all ages rely upon for getting from one place to another.	9/3/2024 12:43 PM

32	The proposition of an amphitheater and food truck park is an amazing idea. It's in the empty lot with a hill that leads to the river to the left side of the bridge in downtown. It would be a great area for day and night life especially with the yearly festivals. It would bring in live bands and draw in more attention to the city. Not only would it give access to downtown it would be accessible to the historic library and Fort Defiance Park across the street. A park rich in history and architecture. It would also connect to a bridge that crosses over to Pontiac park. A comfortable park to relax and enjoy good views of the two rivers. Another proposal was a pedestrian walking bridge across the two rivers which is another great idea because it would connect Fort Defiance Park and Pontiac Park to Kingsbury Park. A park that is more active and hosts events such as the 4th of July Fireworks. This park also has many things to do such as playgrounds, a pool, a baseball field and tennis courts. This area also has the potential for more activities such as a city skate park, basketball hoops, and volleyball nets. Overall I think suggestions of the amphitheater and food truck park along with the pedestrian bridge would draw major attention to the two rivers parks as well as the downtown. I think it would also make Defiance a lot more accessible and connected as well as more productive and bring in attention to the city.	8/29/2024 10:01 PM

42	Kids creation needs to be updated. There is too much Vandalism there.	8/16/2024 7:05 PM
43	Pickle ball	8/15/2024 9:40 AM
44	One thing that I would like is one or two days a week where you could visit the Fort Grounds & Bronson Park without having the loud music from the Splash Pad & the Kingsbury pool playing. It would be nice to have a quiet walk along the sidewalks where you can talk with people or share the storywalk without all the added noise. I understand the need to have the music sometimes, but it is also sometimes nice to have quiet. It seems there is noise & business everywhere & not enough quiet space.	8/13/2024 3:09 PM
45	Make the river a fun atmosphere add eateries and liven this place up. Defiance is boring AF bring money and a nice atmosphere to this bs town	8/12/2024 4:37 PM
46	Love the idea of a pedestrian bridge from Pontiac to kingsbury! Please don't forget about Kids Creation!	8/12/2024 1:24 PM
47	Amphitheater for more live music to promote local music scene/talent. Look at toledo's new glass city park for examples for kayak rentals, walking trails and community area. Great area to do so many things.	8/12/2024 12:51 PM

48	Update the ones we have already...we have enough	8/10/2024 10:01 PM
49	I think if Defiance had boat docks/launches located on the Maumee near the downtown area, plus opportunities for eating, drinking, shopping, and relaxing, it could be a wonderful attraction for residents and out-of-towners. A band shell, ice cream, food, drink, picnic tables and shelter houses on the river would be a nice draw. That area could also host a farmers market, Lilac festival, Ribfest, etc.	8/10/2024 9:51 AM
50	City should buy the land behind the college, Put in a walking , biking trail that would connect on stadium drive somewhere and continue to the river somehow.	8/10/2024 8:39 AM
51	Many of our parks meet specific needs - Kingsbury (swimming, picnic, baseball, pickleball) Bronson - picnic, softball, splash pad, story walk Reservoir - walking, fishing Pontiac - walking, fishing, history, boat launch Diehl - playground, ball parks, picnic shelters Latty's Grove - playground, picnic, ball field Riverside - soccer I would like to see a park with a concert stage area, restrooms, waterfront restaurant, boat dock I think a restroom at Pontiac would be nice for boaters and during different events (fireworks, river/boat shows,) I know restrooms are expensive, need to be maintained and can have vandalism. A park with boat/kayak rentals would be nice. I'm a retired educator and encourage parks for kids.	8/9/2024 4:52 PM
52	Focus on street and parking maintenance for park visitors.	8/9/2024 2:26 PM
53	I would like to see Preston Island area become accessible with a temporary bridge even if it's only a couple times a year. I'd like to see the trails from all the parks to the rivers be cleared, especially at the Dam. The trail off second street behind the hospital by the sheriff station could use some native flora and that could be turned into more of a picnic area at the least, also there's so many bird species so it could have fun nature signs too. That area seems so under utilized. Maybe trim the tall trees so see more of the river too. Also please acquire the old sk lot if you haven't already and make it a skate park/picnic area. There's forest trails there too. It would make this side of town more appealing to residents and visitors. Thank you for listening to my ideas.	8/9/2024 10:50 AM
54	I would like for the city to buy more surrounding property around Kingsbury park make it bigger for more activities to take place.	8/9/2024 5:27 AM
55	Food vendors at the Dam on the weekends would be nice .	8/9/2024 4:14 AM
56	More fountains!!	8/8/2024 10:25 PM
57	Food truck Fridays on both sides of the river in the parks. The city needs to use the River Moore effectively. The river is one of the biggest assets the city parks system has and for the most part it's not used regularly for events in the city. I remember growing up as a youth in the city and multiple time In The summer the river was used for events with music, ski boats the banks where always full of people. Now no one comes to the river for events unless it's the fireworks on the 4th of July. This year multiple music days at kings berry park. But why on weeknight? Why not have these music events on weekends mainly Saturday nights not weeknight.	8/8/2024 8:54 PM
58	I'm not sure I just really like the mention of archery, it promotes a lot of general wellbeing to people and a lot of people nearby have recently found passion in archery from clubs in local schools or archery ranges/shops with teams nearby (example: nocking point near bryan)	8/8/2024 8:10 PM
59	Pedestrian bridges over the rivers and highway	8/8/2024 8:08 PM
60	The areas along our rivers need invested in and built up into a destination like Fort Wayne has done.	8/8/2024 6:27 PM
61	Nightlife for the river. More non-fastfood restaurants on the river! More adult friendly events at parks! Concerts, food festivals, adult sports leagues, etc.	8/6/2024 5:21 PM
62	Build up the riverfront, adding restaurants and music amphitheater, easier river access and parks utilizing the riverfront	8/5/2024 11:39 PM
63	1. I would like to see Buchman Park developed into a respectful tribute to the Native Americans that a significant part of Defiance's history. 2.Defiance's park system could include more of its canal history. The mule bridge could be lifted up. The remnants behind the Dairy Queen are worthy of note.	8/5/2024 10:53 PM

64	We need more things for the kids and teens. Something that keeps them out of trouble, connects them to the community and nature	8/5/2024 10:27 PM
65	Dockage accessibility for downtown. Promoting shared history via education and monumental/historical markers. Renovate boat launch and street parking at Pontiac.	8/5/2024 9:01 AM
66	no TRIDGE	8/5/2024 8:15 AM
67	I want to be apart of this and give my opinion	8/3/2024 8:31 PM
68	More trail/sidewalks to run safely on!!	8/3/2024 6:41 PM
69	I would love a place where I could walk or run during the winter after work. Some place that is well lit and safe. I'd also love to see more bike trails. I love the Toledo Metroparks, so something like those would be awesome!	8/3/2024 12:50 PM
70	1) Make the banks around the Clinton St. bridge an exceptional entry to our city. It has improved much but could be more aesthetically pleasing and make a bigger impression on visitors and locals. 2) Ensure small parks in the low income areas are built and maintained well. Maybe a fitness park with free heavy duty outdoor exercise equipment (saw one of those in Illinois recently). That would provide low income with free exercise equipment as a way to better health and success. Love our parks. Thank you for your hard work!	8/3/2024 11:51 AM
71	Riverfront condo s and restaurants	8/2/2024 3:48 PM
72	Develop Buchman Park for the interpretation of Native Americans history in this area	8/2/2024 3:06 PM
73	Inclusive playgrounds	8/2/2024 11:49 AM
74	Develop riverside commercial zones. Focus obtaining land and NEW develop almost solely along the riverside. Smaller percentage of funds for maintaining and updating current parks. Create long and connected paved walk/run/cycling paths.	8/2/2024 11:35 AM
75	It would be great to have outdoor adult exercise equipment at Kingsbury Park. If Defiance had just half of the amount of docks on the river as Napoleon, we'd be better off in Defiance more of a boating destination. It would be great to have more trails for running and biking. Defiance is not a very kid-friendly town for taking kids on bike-rides.	8/2/2024 9:17 AM
76	Defiance really needs a fully enclosed inclusive playground. There have been many recently gone up in the area. I've been waiting for Defiance to step up next. The most important thing for a park is that every parent knows their child is safe while playing. And that includes EVERY child. Defiance has a need for an inclusive playground. I think an inclusive playground would even be visited by surrounding counties.	8/2/2024 8:48 AM
77	Riverside restaurants (even just simple ones like a burger shack!) OR something like The Docks in Toledo or the cute downtown in Grand Rapids. If there were boat docks say by the library we could dock and eat downtown! But a restaurant with a pretty view would be awesome.	8/1/2024 7:38 PM
78	Riverside parks that were fully enclosed with public docking would be fantastic. My son who happens to have autism loves going for pontoon rides, if docks were available to access an inclusive park my dream would come true!	8/1/2024 7:38 PM
79	The addition of a fully inclusive playground. The fence to go all the way around the park.	8/1/2024 7:32 PM
80	Accessible parks. Keeping in mind that mulch is not accessible for people whom use wheelchairs.	8/1/2024 7:30 PM
81	Id love to see an amphitheater along the river for outdoor concerts and entertainment	8/1/2024 4:09 PM
82	I would like to think of the downtown space near Clinton St bridge as an area of outdoor concerts/music events with food vendors and boat parking on the river. These types of facilities have proven to be beneficial for other communities.	8/1/2024 3:49 PM
83	Ice skating is a must. I'm on team #Tridge, and a public dog park needs to happen immediately. Pontiac would be good for both a public, free dog park, and a skating rink, as both could handle a flood with proper construction. Cincinnati has an amazing development between the stadiums, so anything we can rip off from their amazing research on floodable public spaces is great with me.	8/1/2024 3:28 PM

84	Investment in park infrastructure is so important. This area has many beautiful natural resources that can help to enhance our community. An investment in the parks is an investment in the people of Defiance.	8/1/2024 10:03 AM
85	Amphitheater Outdoor music venue	8/1/2024 8:48 AM
86	Connectivity. I would like to see the parks connected with bike paths or unpaved walking pathways. Similar to what is in Sylvania and Oak Openings	8/1/2024 2:56 AM
87	Kayak access at Bronson Park	8/1/2024 1:43 AM
88	new pool outdoor theater	8/1/2024 12:04 AM
89	Availability of drinking water throughout, shaded walking trails, fun and educational plaques/markers...whatever gets people out walking and appreciating nature.	7/31/2024 10:10 PM
90	We need more hiking/ trail running trails!	7/31/2024 9:54 PM
91	Mirror what Columbus did about 10 years ago with the Scioto Greenways Project. Great bike and pedestrian trails along the river for about a mile through town with native plants and trees used for landscaping and erosion control. The erosion along the river is horrible, especially along Holgate Avenue. The farmland along the Maumee could be great opportunities for paths and parks in the future. Dredging the Maumee from the water treatment plant on Baltimore Street to the Independence Dam would improve waterways for larger boat traffic and reduce the risk of flooding, especially at Kingsbury Park. Also, open the restrooms earlier with autolocks at 5 or 6am for residents jogging or working out at parks early in the mornings. Add adult fitness equipment at some of the parks to promote health and wellness for adults too. Add more playground equipment for small children too. Many mothers take their small children to Bryan or Archbold to play on their playgrounds with toddler friendly equipment. Also, build an indoor playground for kids to play on during winter and rainy days.	7/31/2024 9:43 PM
92	Amphitheater on the river. A restaurant off the river to bring more boating around downtown	7/31/2024 9:41 PM
93	Programs to enhance the wellness of residents would be most welcome--both physical and mental so activities and entertainment events too.	7/31/2024 9:27 PM
94	I have been to several inclusive playgrounds that are completely adaptive for users with a variety of disabilities. With the population of special needs individuals in the area it would promote so many of the goals of the city to develop this. It promotes social connectivity, economic development, tourism, community engagement etc. Constructing a truly adaptive and inclusive playground such as those located in Bowling Green or Perrysburg enclosed in a safe fenced in area would be a true benefit to our community and to families with children with disabilities and average abilities alike.	7/31/2024 8:40 PM
95	Keep the fireworks at the Maumee and Auglaize rivers	7/31/2024 8:35 PM
96	Year round (winter) activities for families and children	7/31/2024 7:22 PM
97	No just really enjoy going to the parks and my grandchildren love the play areas.	7/31/2024 5:16 PM
98	Continue to add sidewalks to enable more walking/biking to parks; A place for performances in the city with plenty of parking.	7/31/2024 4:09 PM
99	A little amphitheater by the river would be cool for minor concerts. I already said to add playground equipment to Kingsbury. Kids are always there in the summer. An ice skating area in the winter with rental skates would make major money. People want to invest in their community. The community just has to provide and be honest that it can't continue to provide without support.	7/31/2024 4:00 PM
100	Need a larger pool and water park. Put the money from pool entry in its a Patk fund and not put in the general fund. Away from river flooding. Also a open air Pavillion for large group activities such as 4h meetings in defiance, girl scouts ect. An agility course for dogs.	7/31/2024 3:35 PM
101	Intramural sports/games leagues	7/31/2024 3:29 PM
102	Connecting kingsbury, fort defiance and Pontiac park by a bridge over the river. Cleaning out the river of trees and debris so I feel safe using the parts of the rivers in defiance	7/31/2024 2:48 PM
103	Purchase back the island on the Maumee and make it accessible for boaters.	7/31/2024 2:30 PM
104	An outdoor theatre for concerts on the river front would be incredible!	7/31/2024 2:04 PM

105	We have a great resource in the Maumee river and the city does very little with it. Pontiac park would be a great place for live music or some vendors. Improvement to boat ramps would increase traffic to that park	7/31/2024 1:21 PM
106	Every park should have a play ground, adult swings and picnic tables	7/31/2024 1:12 PM
107	A park where you are encouraged to get into the water (of the rivers) as well as being on land. A place where kids are able to explore the natural parts of Defiance with ease	7/31/2024 12:37 PM
108	Place seasonal docks for boaters to use to access the downtown areas and parks.	7/31/2024 10:56 AM
109	Keep them maintained. Our current parks are very nice, but in order for them to stay this way, they must be maintained. I think money must be set aside to ensure the funding is available so that our current parks can be maintained. Adding permanent restrooms to the reservoir park that could be utilized by the dog park, and reservoir attendees.	7/31/2024 10:47 AM
110	No	7/31/2024 9:55 AM
111	It is great Defiance is committed to the parks. The city needs to make sure all services have such a commitment, as safety is a major priority. Other communities have had nice parks that have gone to the wayside as homeless and safety was compromised, mainly due to defunding the police and spending money elsewhere.	7/31/2024 9:32 AM
112	When visiting Italy the towns had mid sized turf soccer fields enclosed by tall fencing and lighting. The towns spent a lot of time there and they were busy areas. With soccer being a big sport for teens and younger adults I feel like putting a field like that in would immensely promote park usage if located near a playground for kids.	7/31/2024 7:58 AM
113	N/A	7/31/2024 7:41 AM
114	A place for rental of kayaks	7/30/2024 11:20 PM
115	Defiance could really benefit to have a strip of little shops and restaurants along the river bank. Affordable rental options for people with business ideas but can not afford full commercial space.	7/30/2024 11:09 PM
116	It would be amazing to see the river be utilized more. Taking a look at Fort Wayne. They have a BEAUTIFUL park by the river, walking and bike sidewalks. Outdoor amphitheater. A restaurant overlooking the river. They are utilizing their river front.	7/30/2024 10:23 PM
117	We need much larger tracts to re-wild and convert into parks. Take Oak Openings, Toledo Metroparks and the work the Nature Conservancy has been doing in Northwest Ohio as an example. These areas will become essential to help reverse the damage that commercial agriculture has caused as well. Lake Erie is having a terrible year with the algae bloom once again. The entire Maumee River watershed needs to mobilize to heal the damage we've caused. I would love to assist in any way I can...from invasive species eradication to educational programs about native ecosystems. I think the younger generation is more excited about these things as well, which gives me hope.	7/30/2024 10:00 PM
118	Pedestrian bridge	7/30/2024 9:56 PM
119	There is an old rail line that runs behind defiance reservoir that seems to be used only for storing train cars not in use. It would be so great to see that rail line paved as a multi-use walking/biking trail.	7/30/2024 9:20 PM
120	Clean up the water so it can be enjoyed. And put another boat launch beside only Pontiac	7/30/2024 9:02 PM
121	Better electrical connections for food trailers. 220 volt	7/30/2024 8:56 PM
122	Our parks are fine. We don't need any more parks and do not need to spend so much more money on them.	7/30/2024 7:17 PM
123	Bronson park would benefit so much for a walk way around the shaded tree area in the front. I walk through there everyday and it floods and is wet anytime it rains. It would be so nice to have a path all around it. It also would be nice to add more basketball courts. The one there is so nice but it's always so busy. Some park benches by the court would be so nice too!	7/30/2024 6:08 PM
124	Installation of canoe/kayak ramps with rental availability. Ideally, have two locations (one along the Maumee and another on the Auglaize) so that people may travel between these two points via water	7/30/2024 3:41 PM

125	I am not sure how I feel about a bridge (tridge) over the confluence area of the rivers. I feel like it breaks the flowing energy of the area .	7/30/2024 3:39 PM
126	I believe we had a great deal of questions regarding the parks and not alot about the riverfront. I feel that, even though it is a major project, getting some sort of conference/event center that over looks the water along the riverfront would be great.	7/30/2024 3:37 PM
127	Community events with food trucks	7/30/2024 3:25 PM
128	Please build the tridge	7/30/2024 3:12 PM
129	I believe that better restroom facilities are essential to the most visited parks such as the reservoir, Pontiac, and Kingsbury. I am at the reservoir 5x-7x a week, and the toilets are disgusting, but the park is beautiful and amazing to walk my aussie around. It is well taken care of besides the bathroom. All of those parks are essential to defiance, and most visited, better bathrooms would make the public happy.	7/30/2024 2:53 PM
130	Tridge	7/30/2024 2:52 PM
131	A bridge for just bikes and walkers to connect over the rivers for safety purposes - like where the old mule bridge once stood would be a great start.	7/30/2024 2:50 PM
132	Improve what you have	7/30/2024 2:47 PM
133	Safe pedestrian connectivity is the most important improvement that the City could make. If I have to walk on the side of a busy road with no sidewalk to access a park, I most likely will stay home.	7/30/2024 2:35 PM
134	Where you walk on the boardwalk at the reservoir. A botanical type of garden and nice plants and landscape would be nice anything besides weeds. Bird watching and a butterfly garden would be nice and a tree house type of playground for kids	7/30/2024 2:17 PM
135	Utilization of the rivers	7/30/2024 1:09 PM
136	There are many times I want to spend time at parks but if they only have port a potties I am much less likely to go.	7/30/2024 12:14 PM
137	We have other infrastructures that need more funding than parks. Streets and tree maintenance for example.	7/30/2024 11:25 AM
138	Would be awesome if we could get something similar to Oak Openings here. That is my favorite place to go, especially in the fall.	7/30/2024 11:21 AM
139	Outdoor skate park, roller rink, and 'boat up' amenities on the river	7/30/2024 11:10 AM
140	Safety measures such as fencing around rivers for the special needs community. We haven't had an issue yet if a special needs child drowning that I'm aware of but due to increase in autism diagnoses only increasing in past years this shows a trend that it will continue to increase it's super important to protect these adults and children from the leading cause of death in the US for the autistic community as well as keep our community safe for others to visit.	7/30/2024 10:53 AM
141	Better access to the reservoir and rivers. Enforcement of regulations already in place	7/30/2024 10:51 AM
142	No	7/30/2024 10:48 AM
143	I'd like to see park equipment suitable for a range of ages and more of the courts and fields used for affordable sport leagues for kids of all ages.	7/30/2024 10:31 AM
144	I believe connecting trails would encourage more people to utilize the trails and parks.	7/30/2024 10:29 AM
145	As long as it's not used as another reason to promote drunkenness & alcoholism in the city.	7/30/2024 10:23 AM
146	It would be awesome to open a spot or several spots that allow people to enjoy our rivers; like free swimming in the river, with boundaries to provide safely to swimmers & boaters a like. Not everyone can afford to use the public pool, so using our natural resources for All to join is fantastic. Multiple spots would be great, so all could walk to their section of the rivers.	7/30/2024 10:10 AM
147	Places where teens can go and hangout. They have no place in Defiance to go at night.	7/30/2024 10:06 AM
148	I am still waiting for more recognition of the native populations that preceeded colonization	7/30/2024 10:06 AM

149	Would like to see a program to dredge the river of seasonal debris to prevent more safe traveling on the waterways.	7/30/2024 10:05 AM
150	Places to sit and eat on the river front.	7/30/2024 9:59 AM
151	I would love to see a new "go-to" photo spot. You see kids taking Prom pictures, senior pictures uptown in the alleyways and by the banks. I would love to. See an area made that would draw in all the people to take thier photos there. Whether it's a greenery area with benches, or some sort of artistic piece. I just thing it would be nice to have a new place like that for people to utilize for fanily pictures or dance pictures	7/30/2024 9:56 AM
152	No	7/30/2024 9:48 AM
153	Walking/Running/Bike trails that connect the parks.	7/30/2024 9:47 AM
154	I would love to have more riverfront entertainment. When I think of the ideal town, I think of Grand Rapids, Ohio. With parks and trails and shops and icecream. I would LOVE a free dog park (like most cities have) with a playground near so my kids and dogs can play at the same time! As a mom, being able go kill to birds with one stone is key!!!	7/30/2024 9:43 AM
155	Would love to see coffee/cafe in the library and a children's play area outside / inside. Let's not cheap out on the play areas either. Make them a worthwhile stop and it will bring people to the fort grounds and the library. Additionally, I could see the old junior high building downtown turned into an epicenter for parks and community events and education. Bring all the disparate cultural programs into one roof and add a playground and park around that building. Make it a community hub downtown with music programs, recording studios, green screen recording room, etc. I know it would be initially difficult but could consider moving the library resources here as well. Charlevoix, MI did this with their old school and it's stunning.	7/30/2024 9:20 AM
156	I just hope for more activities and sensory-friendly times for children with developmental disabilities. It's hard taking my autistic 5 year old to the splash pad and parks because 9 times out of 10 other kids will spray him in the face with water or try to play rough with him and then he gets upset and we have to leave. Maybe work with the Board of DD or Kaitlyn's Cottage in some way. Also Kids' Creation is not very well taken care of in my opinion compared to how it was when I was growing up but I could be biased.	7/30/2024 9:10 AM
157	Purchase or have Defiance Metal Products (owner) donate the land east of Kingsbury. Repair boat ramp and install a couple courtesy docks for day use. Offer owner a tax break for donation of land to the city.	7/30/2024 8:45 AM
158	I would like to see the rive fronts utilized more in a commercial/restaurant way.	7/30/2024 8:38 AM
159	Continue to increase the quality of water of our rivers	7/30/2024 7:45 AM
160	Improve water access	7/30/2024 7:27 AM
161	Outdoor fitness equipment at a park.	7/30/2024 7:22 AM
162	Do not spend a lot in parks with possible flooding.	7/30/2024 7:20 AM
163	Tridge	7/30/2024 6:50 AM
164	More focus on the rivers.	7/30/2024 6:43 AM
165	Need more by the river besides just a park. Restaurant/bar would promote people to use the river more downtown. Music is also a great think that could be utilized more to attract people to use the riverfronts.	7/30/2024 6:33 AM
166	Bring back swimming lessons and keeping the pool open more than 2 months.	7/30/2024 6:24 AM
167	Bike/multi-use path connecting local parks with connector trails including Independence Dam. Raul Sanchez Memorial boat dock downtown. Ice/roller skin Skating really nk or ribbon, skate park for teenagers.	7/30/2024 6:01 AM
168	Adding outdoor exercise equipment along the resivor or river	7/30/2024 5:37 AM
169	Placing stone on riverbanks to eliminate weeds for better viewing of the river.Also cutting tree branches up 10 or 15 feet to give better view of river and surrounding areas	7/30/2024 5:35 AM
170	Walking or bike trail around Diehl park. More tennis courts or fixed and programs for tennis. A cleaner riverfront.	7/30/2024 5:01 AM

171	None	7/30/2024 4:55 AM
172	More launches for kayaks, less government waste, promote our rivers	7/30/2024 4:02 AM
173	Another boat launch	7/29/2024 11:56 PM
174	Take a look at glass city park in Toledo. Huge playground for kids that takes up little space, all the kids at my job love and talk about it. While there at glass city park, there's a splash pad and a restaurant/snack bar spot. Supply rentals for rollerblade and scooters in the summer and ice skates in the winter when it becomes an ice rink, Educational programs that happen there, trails, and spots to hang out. Huge park with a little bit of everything that comes in a good size, does not disappoint like a lot of our new playgrounds do (aka their small around here). Only downside is the lack of shade and trees, however they have young trees planted to grow. I would love to see something similar to this but I our own way. Get another splash pad so there is one closer to residents closer to downtown, East side, and on the north side. I feel splash pads have become bidder than the pool since the pool still costs and parents/adults aren't as worried of their kid potentially drowning. Educational things would be cool for both adults and kids, whether that be historic information or nature education. So much can be done for the community if the right resources are built, nobody wants a small playground that maybe 1 or 2 families will go to, nobody wants a whole in the ground that they question what is this for, and nobody wants to be stuck in the sun while at the parks as it limits the fun on the extremely hot days. Activities are needed for families that are free or easily affordable as we see little to nothing to do as a family especially once winter hits.	7/29/2024 11:42 PM
175	New boat launch at Pontiac Park, so 2 or more people could use it at once.	7/29/2024 11:36 PM
176	I really believe The Tridge plan would be amazing and I do like the idea of a riverside amphitheater.	7/29/2024 11:19 PM
177	A kayak launch at Bronson.	7/29/2024 10:51 PM
178	We could use an amphitheater for events like the City of Bryan has. Bryan brings in big names to perform at the amphitheater which helps their local economy. I think the pedestrian bridge(tridge) is an awesome idea that people would love but it is probably not affordable or a great use of money. I would love more bicycle/walking paths that are isolated and not shared with motor vehicles. The reservoir has a great walking path but there isn't much shade unless you go down to the wooden path.	7/29/2024 10:46 PM
179	I believe Defiance would greatly benefit from a FULLY enclosed inclusive playground/play area.	7/29/2024 10:37 PM
180	Open dining/entertainment along the river, zip line across the river, grow current park appeals, jet boat tours on the confluence. Ice skating rink at kingsbury during winter.	7/29/2024 10:30 PM
181	My family would love to see an outdoor/indoor concert venue to draw popular artists to town.	7/29/2024 10:19 PM
182	Rails to trails for walking and cycling with businesses along the way that cater to the trail users	7/29/2024 10:17 PM
183	Winter Ice skating area at Pontiac Park	7/29/2024 9:49 PM
184	Wish the water was were cleaned up more from logs and debris for boats	7/29/2024 9:21 PM
185	Recently visited Fort Wayne and in promenade park downtown has a wonderful atmosphere with swings a kayaking launch.	7/29/2024 8:15 PM
186	Downtown boating access	7/29/2024 4:36 PM
187	It would be wonderful if we had a restaurant (sports bar atmosphere) along the river.	7/29/2024 3:23 PM
188	Paved biking trails through defiance and further out into defiance county for those of us who aren't in the city. A park out here would be amazing!	7/29/2024 10:24 AM
189	More splash pads	7/29/2024 10:14 AM
190	Amphitheatre on the river, accessibility of rivers, apartments overlooking the river, accessibility and inclusion at all parks	7/29/2024 9:34 AM

191	Would love to see a promoted Defiance to Florida trail from Pontiac Park to Independence Dam State Park (also marked inside the park) so walkers & bicyclists can co-exist from Pontiac through the Dam and through the canal trail to Florida. Angola, Ind. has a wide and lengthy paved walkway along 127 into Pokagon State Park. Other big idea for Defiance would	7/29/2024 7:51 AM
192	Would love to see nature and inclusive playgrounds!	7/29/2024 12:35 AM
193	Replacement boat ramp. The existing boat ramp access road has a very tight turn that is dangerous for pontoon or larger power boat trailers. A replacement dock; The current dock is very dangerous. It is designed to articulate which can throw people & damage boats tied to it. The boat ramp is too narrow. Also..Ramp needs maintained. Their is currently an obstruction under the water (at the end of the dock) that has damaged many local boats. The poor design of the boat ramp & dock would be much more user friendly if they were maintained. BTW..That includes new larger cleats on the dock.	7/28/2024 8:35 AM
194	An eating establishment on the river, boats could dock and pull up and deck for eating outside. Also, more historical programs/talks about the history of the town- historical walking tours.	7/27/2024 2:38 PM
195	Seasonal river boat rides would be fun, and a nice source of income for the city. I realize that may not be feasible, but I've always thought it would be a good way to draw more people downtown. Especially if a building was near the dock for the boat that housed city historical info, a gift shop, beverage/snack bar...something along those lines.	7/27/2024 11:24 AM
196	Despite the constant making fun of it, I think the tri-bridge is a great idea. I also would suggest a rebuilding of an active part of the Canal to surround part of downtown, a riverfront amphitheater, a trolley that makes regular stops, and conversion of large box store parking to include mini parks and splash pads/ water features. Get away from all the asphalt. Conversion of roof space into green space.	7/27/2024 8:00 AM

54	Growing up in Defiance of course the fireworks have always been a big deal. I have watched them all over in town. Pontiac Park is my favorite place to watch. I remember when there were native American festivals in Pontiac Park. Bronson had the best pool. Kingsbury is fun now but the season is so short. It is barely open 2 months and the fees are a little pricey when you have a family. I love Independence Dam. Kingsbury could have better utiled space. I miss the parks having putt putt. Just more to DO at the parks would be great.	8/17/2024 10:51 PM

67	I remember when Bronson Pool was built. I lived on the south side and walked to the pool with neighborhood kids many days of the summer. I was sorry to see Bronson Pool close. The Splashpad is a great replacement, but I feel that Defiance could have a second neighborhood pool - I realize maintenance and staffing is expensive. I remember that Bronson Pool parking lot was flooded in the winter for ice skating - wish we had somewhere for skating. I commend the Parks workers for the great job that they do year round for the parks in Defiance. I also commend the city administration for making parks a priority in our town.	8/9/2024 5:04 PM

96	For over 30 years I have come to multiple points of the river and experienced peace. Walking, swinging (thanks for the newer swings), but mostly parking and reading/doing devotions. As I write this I'm at kingsbury park looking across at Pontiac. I did morning devotions, drank coffee and read the newspaper (where i obtained the survey link). It is important to me and others I know to have scenic, semi private places to park and look at the river. It is a tonic for mental, spiritual and physical health. My boyfriend and I use the swings you installed at the dam, Pontiac and Fort Grounds often. Hmmm... that might be a low cost addition somewhere... “meditation stations”. Not religious or new age in nature, but signs about thoughts about good things or amazing facts about nature, thankfulness, etc... Anyhow, people these days need peace. Somehow, the river is a place of peace. Beautifying, presenting the access points and getting the word out is important. I wonder how many people in our area don't realize there is “Peace at the River”.	8/3/2024 12:17 PM

268	Growing up when we had a boat we would go tubing. As the water got dirtier we did it less. More recent was taking kids from work to an event put on by Xperience Church that was free at the splash pad. These kids are in the system and are a lot of the times acting like they need to be adults. While there, they looked like the average kid and got to be a kid with little to no worries. Made the drive from Liberty Center since there was an event at the park that targeted the kids. Wish there was more free event things that made it worth the drive to let these kids be kids in a normal life kid setting.	7/29/2024 11:52 PM

Primary Objectives to Consider Adding

- Broaden social media / outreach for parks by developing a cohesive PIO with the city and celebrating all programming and uses of the parks. Consistent messaging and promotion are key.
- Make better use of recreational facilities in parks and improve collaboration with groups already running recreational programs.
 - Engage more with the library to host events in the parks.
- Utilize riverfront park developments as a catalyst for downtown economic expansion.
- Improve downtown connections and enhance the downtown experience.
- Improve connectivity and safety of parks and trails.
- Add safety to Goal #1: Public health and social justice.
- Incorporate educational components and programming that address each park's environmental/historical/cultural attributes.
- Address water quality and safety for recreational areas.
- Create more ownership of parks by partnering with local organizations.

Specific Parks to Note:

Bronson Park

- Bronson Park is very popular, especially the sand volleyball courts and splash pad
- Bronson Park used to have an outdoor competition pool and would host summer swim leagues. This fell into disrepair and was replaced with the splash pad.
- This summer swim league is now held indoors at the YMCA, while other communities have outdoor competition pools – nobody wants to go swim at Defiance for this league.

- Bronson/Triangle/Kingsbury Parks have power connections for food trucks – could be considered for other parks
- The Storybook Walk is popular and changes every so often.
- Neighboring communities come to visit because admission is free.

Kingsbury Park

- Flooding does occur in this park - floodplain
- Pool and slide are very popular amenities
- Need more lounge chairs at the pool (Kingsbury)
- Better use could be made of the river edge – better walking trail around the river edge, seating, swings, pedestrian lighting to aid in feelings of safety
- Currently lacking in access to the water – is there an opportunity to have steps to the water or kayak/canoe launch
- The park dept. has plans to expand a parking lot for pickleball where the adjacent house is located – if they acquire that property.
- Large field north of the pool is currently used for setting off fireworks
- The music festival was always held where the new walkway and pavilion improvements were installed. There may need to be a new place for the stage in the coming years.

Pontiac Park

- Pontiac Park is a Metro Park. It is technically a county park, but the City maintains it
 - There is a separate Defiance Metropolitan Park Board responsible for this park.
 - Need to get a better understanding of this relationship and who has approval power over what can be done. Metro Park Board is currently in the strategic planning process for its parks, including Pontiac Park
- Kayak rentals were an option in the past, but have since been removed. Pontiac Park has a boat launch but there is a need to add kayak launch points.
- Parking is a major issue during festivals and events at Pontiac Park – they currently close down the street and people park along the street, but it creates a fire lane issue.
- Can't park vehicles in the bowls because they do flood and get soft quickly.

Old Fort Defiance Park

- There are great views from atop the park, with ties to the history of the founding of this city

Riverside Park

- “Forgotten Park” – the park is not the most popular in the area, but residents come for the soccer fields. The local soccer league (the Strikers) has mentioned the need for a concessions stand.
- Several unofficial trails in the wooded area have appeared over the years and they do not feel safe to walk. Homeowners in the area also raise concerns as the property lines are not clearly marked.
- Vandalism isn't prominent but there is a lot of dog waste/litter throughout the park.
- Deer frequent the area.

Miscellaneous Parks:

- Reservoir Park - Exercise nodes could be a fantastic addition to Reservoir Park. This park is used often for more intense recreation. The playground could be improved.
- Buchman Park has all native species and ties to Native American history.

- Depot Park is not listed on our map, but could be added – located across the tracks from Veterans Memorial Park, it is the site of the old train depot.
- Playgrounds always need updated, but priority playgrounds mentioned were at Palmer and Latty Grove Park/Veteran's Memorial Park
- Palmer Park - General public does not know that Palmer is a city-owned park – opportunity for better signage
- Gateway Park - Christmas Tree gets lit during holidays.
- Preston Island – private property currently owned by ACRES Land Trust.
 - In the early 1900s there were small amusement park rides (carousel) and a campground. It flooded in the 1910s-1920s and ended the recreational uses.
 - Residents would like to see it open to the public again but would require ownership, volunteers, a way for the public to access it, etc.
- Diehl Park – popular for sports events but parking is limited during games. The junior field is in bad condition.
- Knights of Columbus Baseball Complex – good condition with two ball fields and concessions.
- Holgate Park has a toddler-style playground and is perceived to be not as challenging.

Other Items to Note:

- Opportunity to strengthen relationships between the Park Dept, YMCA, and schools. However, better relationships exist between the parks and (3) schools than with the YMCA.
 - Park programming/summer event handouts would be great to send home with students before they leave for the year.
- YMCA hosts swimming lessons, but none are provided by the city – part of the lack of programming offered by the city parks
- YMCA is going through a lot of changes with leadership, but think it will be for the better.
- Lily Creek is a local organization that provides therapeutic horse riding – possible partner. <http://www.lilycreekfarms.org/>
- Defiance College is helping create a community health survey. The overall relationship with the College needs to improve but there is a good relationship between the mayor and the College president.
- The Defiance Alliance group with the College is a recent group that helps with monitoring and cleaning the Rivers
 - Improve partnership and increase the amount of water quality testing and education. There is a poor public perception of the cleanliness of the rivers.
 - Expand on partnerships with the Upper Maumee Watershed group and Toledo University to further address water quality and safety issues.
 - The water quality is at its worst in August/September due to dry weather. The quality improves east of Independence Dam.
- Potential partnership with the Defiance Soil & Water Conservation District
 - Penney Nature Center is a great local example of educational components and engagement with the public.
- Maumee River
 - Defiance – passive recreation/more shallow
 - Napoleon – boating/deeper water
 - Endangered species of clams

- Flooding
 - Historic floods in 1813, 1920s, and 1980s
 - A guide for Defiance flood events is available
 - Flood markers throughout the parks (Old Fort, Preston Island, Kingsbury Park)
 - Rare Flooding: Preston Island
 - Frequent Flooding: Kingsbury Park & Pool
- Kayaks
 - MetroParks is working with a company to provide kayak rentals
 - Self-service kiosks/lockers for kayak rentals
 - Existing launches:
 - Pontiac Park
 - Independence Dam
 - Tiffin River (not user-friendly)
 - 127 in Sherwood
 - Reservoir Park
 - Potential launches:
 - Improve Tiffin River launch – hidden gem with historical bridge
 - People also fish off of the bridge
 - Bronson has a steep shoreline but would be convenient
 - Riverside would have a long walk
 - Best suited for Pontiac Park or Kingsbury Park
- There are many activity focused groups that should be included in the planning process: soccer, little league, pickleball league, etc, and offer opportunities for partnerships
- Riverfront parks need to provide safer connections between parks and downtown to prioritize pedestrian safety as there have been multiple pedestrian deaths in the area. This could serve as a catalyst for community health.
- A riverwalk development with activities on or nearby the river creates a unique experience.
- Downtown retail and dining could be better/worse, but there are a lot of empty buildings within the City.
- Dining on/near the rivers is lacking – opportunity
 - Potential for boat/kayak access to dining on rivers.
 - Local establishments could have docks/create boat-accessible destinations
 - Properties across from Kingsbury Park have high potential for this type of development.
- Food truck space currently downtown-driven
 - Triangle Park currently has dedicated outlets
- Lacking police presence at the parks and downtown, especially during large events. This contributes to a perception of not being safe.
- Larger parks and amenities within the parks that are lighted offer longer use times.
- A lack of shade was noted across the parks. There may be funds through the American Cancer Society to provide shade to lessen the chances of skin cancer.
- The area lacks a community garden space.
- There is interest in converting some of the large grass areas in the parks to a native planting palette. Project PRAIRIE is an initiative launched by the Toledo Zoo that provides educational resources for schools with a native planting lab. <https://www.toledozoo.org/education/project-prairie>
- An existing wetland observation area is located south of town.
- Need to find better ways to manage vandalism, especially in public bathrooms
- There is an abundance (10-15) of combined storm sewer overflows but the City is working to remove and separate these sewers as part of the EPA mandate – will help with water quality, smells.
- The east side of town is lacking some of the stronger park amenities. This is also the lower income housing part of the City
- Mental Health Wellness Trail could be incorporated into a larger network, or highlighted in our plan – Trail developed by Defiance County Health Department – located east side of town, by Health Department Office
- Educational Signage
 - Highlight other trails in the area/create comprehensive trail map and provide along the paths (QR codes or maps)
 - Highlight Defiance’s unique place in watershed/larger watershed impact
- Not considered a strong bicycle community but would like to see improvements to promote biking.
 - Would like wider downtown sidewalks
 - Old Rail Bridge west of Clinton has potential.
 - Overall existing vehicular bridges are in good shape with no real problems for pedestrian access
- Accessibility is not addressed very often in the parks – ongoing improvements as they’re able to tackle.
 - Explore opportunities for more inclusive play equipment & playgrounds.
 - Kingsbury has had improvements to become more accessible.
- Camp Lakota is a Boy Scout camp adjacent to the City limits and is a great amenity
- Camp Libby is another amenity for nature based activities and Girl Scouts
- Adventure play is lacking within the City
- Defiance, OH is known as the regional capital for a large amount of smaller towns in the surrounding area. Competition is Napoleon
- There are 3 golf courses nearby, only 1 within the City, and all privately owned by the same entity
- Defiance, OH = Tree City USA. City tree is the Lilac. 200 planted within the last couple of years.
 - There is also interest in Defiance becoming a Bee City USA Affiliate. <https://beecityusa.org/apply-to-bee-city-usa/>
 - There are several local beekeepers.
- Currently a lack of public art program for downtown / parks – potential future collaboration and opportunity to celebrate the history/placemaking of Defiance.
- There are no official or active neighborhood associations.
- There is a need for additional pickleball courts.
- The baseball and softball leagues are popular in the community.
- A year-round shelter would be nice as all existing shelters are open-air.
- There are no hockey, ice skating, roller skating, or skateboarding amenities.
 - The YMCA had a skate park but it has greatly declined.
 - The appetite for investment in a new skate park is medium.
- The parks need to be activated during the wintertime.
 - Holiday market
 - Ice sculpture displays
 - Ice skating – similar to the Ribbon in Toledo
- Clean the Parks
 - Defiance sports teams spend one day every year cleaning the parks – usually a Saturday in April around Earth Day

- Could we expand this group to other organizations?
 - Implement “Adopt-a-Trail/Park” program – similar to adopt-a-highway
- Festival Space
 - Shut down streets as needed
 - Would like to utilize more of the Riverfront
- Defiance Events
 - Lilac Festival
 - Riverfest
 - Rib Fest
 - Art in the Park
 - Jazz Fest/Battle of the Bands
 - Need for large stage/amphitheater space
 - Triangle Park is used for smaller events/portable stage space
 - Cabin Fever Coffee has a small performance space
 - Waterfront locations may be difficult due to floodplain issues
 - It was mentioned that the old high school site could be torn down to supply the amphitheater space but there would be political obstacles to achieve this demolition.
 - Thunder on the River – boat parades
 - Currently have reenactments in Pontiac Park
 - Farmers Market – currently held at the mall because there isn’t a great spot within the parks/downtown area.

LOCATION: Bronson Park, Kingsbury Park, Old Fort Defiance Park, Pontiac Park, Gateway Park, Riverside Park
ATTENDEES: Cara Boehm, Carlie Carpenter, Rob Cereghin, Steve Corbitt, Jennifer English, Jamie Gerken, Kelly Grube, Julie Houck, Staci Kaufman, Kirstie Mack, Scott Stambaugh, Melinda Sprow, Niki Warncke, Paige Wesche, Abbie Wolfrum, Josh Barkley, Austin Blomeke, Nathan Deig, Jessica Doods, Joe Howe, Sydney King, Amy Schweitzer, Amber Bassett

Site Visit Notes:

Bronson Park

- Excellent water park with large ropes course
- Excellent nature experiences with potential to lay trail to bottom of hill along the river.
- Would need additional clearing to open views along the river.
- Two distinct areas in this park – active area w/ sand volleyball, splash pad, open spaces, and the passive area set back near the river, which is quieter, more shaded, views of nature.
- Opportunity to add a stepped walkway or boardwalk down to the river. The wooded areas would make for a good nature trail.
- The Storybook Walk is very popular and changes seasonally.
- There is a plan from the 80s that laid out mountain biking and nature trails.
- Sand volleyball is very popular and could be expanded with new courts.

Kingsbury Park

- Ample amount of trash cans and seating with consistent type and theme
- Pavilions appeared to be in good condition and consistent in size and quality
 - They are regularly rented
- Pool had fair amount of activity and hits capacity in the summertime.
- Playground contained inclusive and sensory components from Landscape Structures
- Newly installed sidewalks
- Drive along river contained some traffic
 - Folks noted local interest in parking along river to rest / eat.
- Slope down to the river with very much inaccessible
 - Exception was North of the pickleball courts
 - Noted sulfur issues
- Parks director noted that once home is acquired, south of the pickleball courts, he would like to install parking to accommodate courts.
- Baseball field and adjacent field are nostalgic to many and used for fireworks

- Interesting historical markers depicting major floods
- Fantastic views of the two rivers, bridge toward downtown
- The north/northeast corner of the park is out-of-site, out-of-mind. It is underutilized and forgotten.
- The music festival has been held here for two years, but the new pavilions and sidewalks may have decreased the stage space.
- Wifi availability in the parks would allow for outdoor workspaces.
- Additional power would be beneficial, especially along the roadway. Solar powered charging stations would be beneficial as well.
 - Additional power sources would allow for more food trucks during events. 26 food trucks come to Kingsbury Park during events.
- The basketball area needs improvement.
- Felt that the park was well cared for and well used, but connection to the riverfront was absent
- Would like more river swings for those who like to eat at the parks during lunch.
- History of roaming buffalo along the river at this park.

Pontiac Park

- Currently use park for Christmas lighting
- Many cars park on paved path along river
- Ample seating and trash cans
- Garden areas are noted to be in rough shape
- Fountain space only utilized during rush hour
- Lack of access to the river
- Observation – it has a different vibe than Kingsbury. It feels more like a passive park used for walking and taking in views.
- There was mention of removing the vehicular access through the park, but it would limit the winter light shows.
- Weddings sometimes happen in the park.
- May be beneficial to provide river wayfinding signage.
- May be beneficial to provide a graffiti wall somewhere in the parks system.
- Defiance used to flood the low spots in the winter for ice skating.
- Riverfest activities are held in Pontiac Park.
 - Pontiac Park can fit 8 food trucks during events.
- Travelers along the Buckeye Trail can camp in Pontiac and Reservoir Parks. Would be nice to have permanent restroom facilities to accommodate visitors.
- Some history of Diehl Brewing Company existing along Clinton/W River Drive until the mid-90’s

Old Fort Defiance Park

- Felt there was a lack of representation of the old structures that once stood on the site
- Noted memorial at top of the steps
- Did not appear to be an accessible path up the steps, but had many accessible natural areas. Both a wheel-chair bound person and a person with a cane were on the path along the upper side of the retaining walls during our site visit
- Stairs along the river appear to be in rough shape but fishermen were utilizing it to access the river.

- Appears to be potential to take a trail south along the Auglaize River on the west side.
- Concrete steps provide access to the water/river level which is uncommon in the riverside parks
 - Maybe an opportunity to develop a boardwalk at this lower level, or fishing pier
- Large walls – opportunity for a mural, art collaboration
- Great mature shade trees
- Potential trail connection south of park along the river – currently a mowed path
- Currently used by the library for hosting some of their outdoor summer programming/events.
- When they recently improved the concrete areas, they had to stay at or above the existing grade to avoid a historical society review.
- There is an existing river siphon on the southeast side.
- Old Fort Defiance Park can hold 3 food trucks during events.
- Observation: the west side of the park could be a great place for a treetops trail.
- The first house built in Defiance is on the corner of Washington and Fort, directly adjacent to the park.
- Serves as part of the North County Trail and the Buckeye Trail

Gateway Park

- Feel this space wants to be a plaza park, food truck style hub or performance space
- Lack of prime vehicular access points
- There may be right-of-way challenges with development.
- Felt like this area would be a good trail head.

Riverside Park

- Opportunities for nature trail in woodlands
- Opportunities for water access
- Soccer club primarily occupies the park and uses the shelter storage space.
- Expand a formalized trail system throughout this park and extend to other parks.

Reservoir Park

- Hill is used for sledding
- Observations: limited parking lot space and minimal shade

Veteran’s Park (Latey’s Grove)

- Opportunity for more pickle ball

ADDITIONAL MAPS & FIGURES

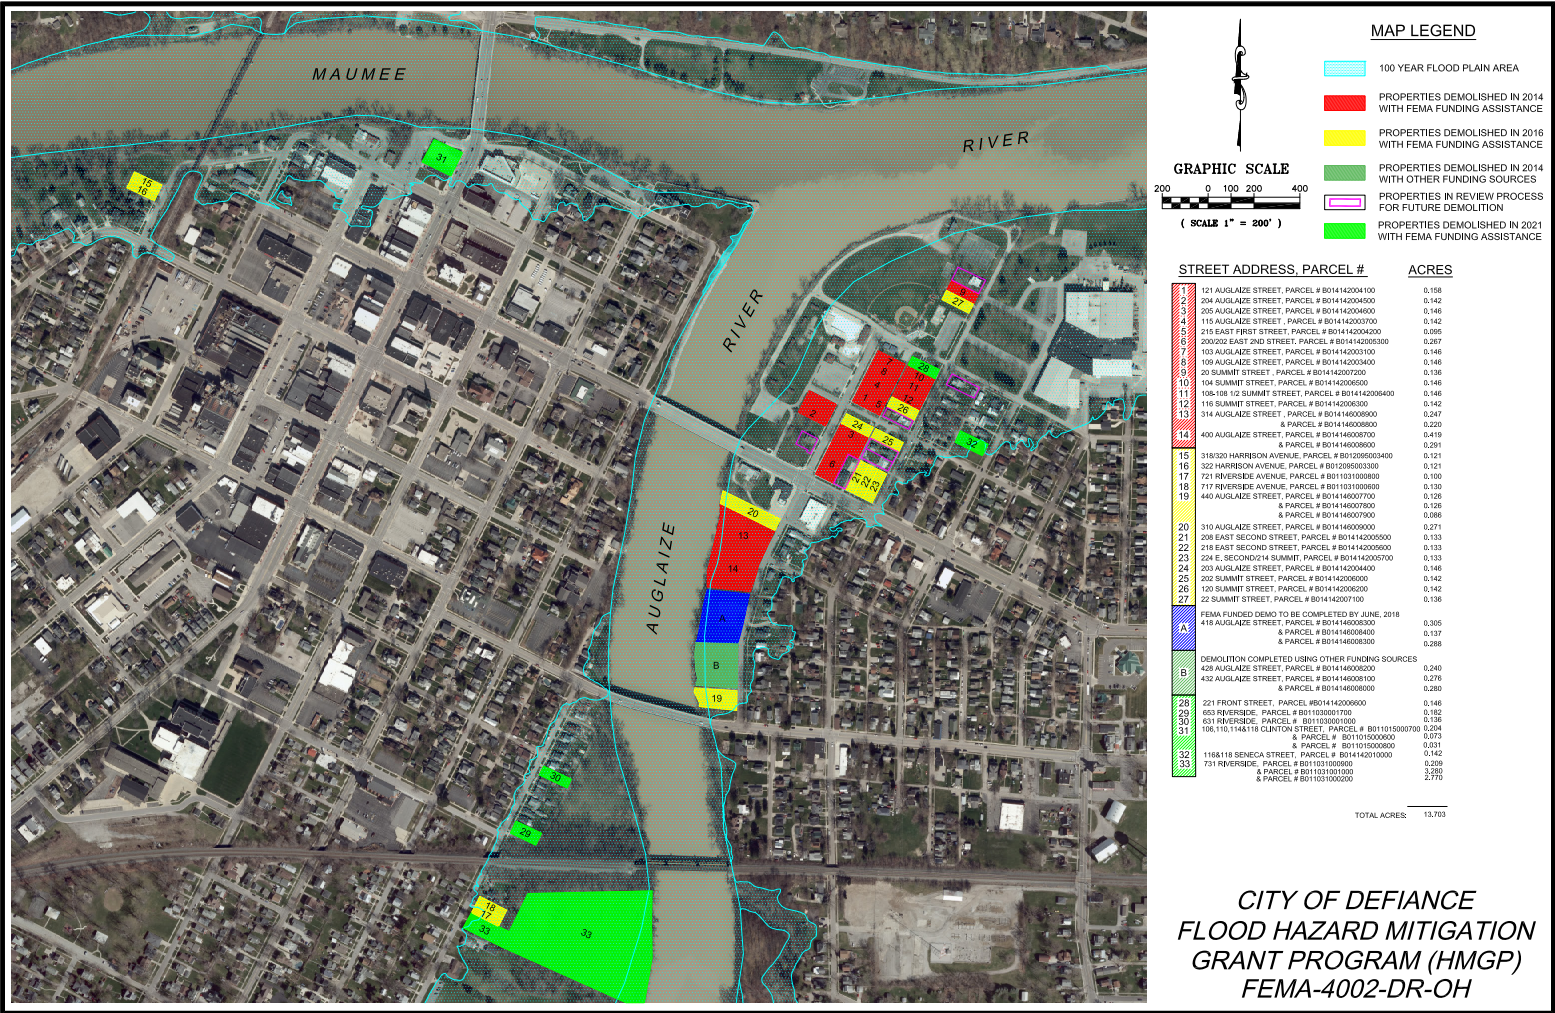

FIGURE 6: FEMA Flood Hazard Mitigation Grant Program Map

Over the past decade, the City has leveraged funds from FEMA's Hazard Mitigation Assistance Grant program to reduce the potential impacts of future flooding disasters. This program provides financial support to communities along flood corridors, such as Defiance, for purchasing and demolishing structures in flood-prone areas. By leveraging these funds, the City has acquired 13.7 acres of land and removed several structures within the Auglaize and Maumee River corridors. The removal of these structures reduces the risk of future damage while preserving open space, as one of the grant's requirements is that the land remains undeveloped, and any improvements on the property shall be of a pervious nature allowing water to pass through.

This Flood Insurance Rate Map (FIRM) released by FEMA outlines the Special Flood Hazard Areas (SFHAs) and the Base Flood Elevations (BFEs) throughout the western part of Defiance.
