**AN ORDINANCE AUTHORIZING A THREE-YEAR ELECTRIC AGGREGATION SERVICE AGREEMENT WITH ENERGY HARBOR AND DECLARING AN EMERGENCY**

**WHEREAS**, R.C. §4928.20(A) authorizes the legislative authority of a municipal corporation to adopt an ordinance that aggregates the retail electrical loads located, respectively, within the municipal corporation and enter into service agreements to facilitate for those loads the sale and purchase of electricity; and,

**WHEREAS**, the current electric aggregation service agreement with Energy Harbor (formerly First Energy Solutions) expires on April 30, 2021; and,

**WHEREAS**, the City's electric aggregation consultant, Palmer Energy Company, negotiated a three-year proposal with Energy Harbor at a discounted rate of \$0.0479 per kilowatt-hour for both residential and commercial customers; and,

**WHEREAS**, the current electricity market is in flux and difficult to predict, creating an advantage for municipalities to enter into long-term service agreements; and,

**WHEREAS**, Council finds this rate to be competitive and that prompt execution of a service agreement is necessary in order to secure this rate for City residents and businesses;

**Now therefore**, be it enacted by the Council of the Municipality of Defiance, Ohio, that:

**Section 1:** The City Administrator is directed to enter into an electric aggregation service agreement with Energy Harbor for a term not to exceed three years at a rate of \$0.0479 per kilowatt-hour for residential and commercial customers pursuant to R.C. §4928.20(A).

**Section 2:** It is found and determined that all legislative actions pertaining to the adoption of this Ordinance were taken in Public Session and that all deliberations that affected or influenced any such legislative act, including all deliberations in Committee, were conducted in Public Session or in Executive Session duly convened in accordance with law.

**Section 3:** This Ordinance is declared to be an emergency measure necessary to preserve the health, safety, or welfare of the community for the reason that immediate entry of a service agreement is essential before electricity rates change. As such, this Ordinance shall be effective immediately upon passage by an affirmative vote of not less than five (5) Members of Council and approval of the Mayor.
